The Honorable Rose DeLauro
Ranking Member,
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro

I am requesting funding for the terminal security, safety, and capacity improvements project in Fiscal Year 2027. The entity to receive funding for this project is the Tallahassee International Airport, located at 3300 Capital Circle SW, Tallahassee, FL 32310.

The funding would be used to support the design, engineering, permitting, construction, construction administration, and services for the necessary improvements to the passenger screening area, core terminal infrastructure upgrades and modernization, including for elevator and related ADA access, and other affected areas impacted by the expansion of the passenger screening area of the terminal at Tallahassee International Airport (TLH). The project is an appropriate use of taxpayer funds because this project will enhance security and safety for travelers, while also addressing pressing capacity needs for this growing airport and its users.

The project has a federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Neal Dunn
Member of Congress
