The Honorable Sam Graves  
Ranking Member  
Committee on Transportation and Infrastructure  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting $5.0 million in funding for the extension of the Mexico Beach sewer force main from the diversion point along US 98 in surface transportation reauthorization legislation.

The project sponsor for this project is the Bay County Board of County Commissioners and the project is located along US 98 to the Marine Point Advance Wastewater Treatment Facility on Boy Scout Road.

This project is an appropriate use of taxpayer dollars and will provide a direct positive impact for the residents of Mexico Beach, a rural city within Bay County and allow for increased capacity and safer sanitary sewer flows for the residents. The proposed extension is approximately 5.6 miles of new sewer force main. Bay County will perform design, engineering, permitting, and construction efforts related to the Mexico Beach/Tyndall AFB Wastewater System Improvements project.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
