North Florida/South Georgia Veterans Health System
COVID-19 Vaccine Operations

NF/SGVHS Office of Communication and Outreach

April 16, 2021

North Florida/South Georgia Veterans Health System (NF/SGVHS) continues its efforts in providing COVID-19 vaccination services to anyone who served in the military, their caregivers and spouses, and some other beneficiaries under the authority granted by the SAVE LIVES Act, signed by President Joe Biden on March 24, 2021. To date, the health system has administered over 85,000 COVID-19 vaccines.

VA has temporarily paused the administration of the Janssen (Johnson & Johnson) COVID-19 vaccine based on CDC and FDA recommendations. We are still offering both the Moderna and Pfizer vaccines. Those scheduled for Janssen (Johnson & Johnson) will be rescheduled to either receive the Moderna or Pfizer vaccines. We will provide additional information as we learn more.

Individuals eligible under the SAVES LIVES Act who would like to receive a COVID-19 vaccine from VA should go to www.va.gov/covid-19-vaccine to sign up. Once registered, those eligible will have access to schedule an appointment by calling 352-548-6000 ext. 103755 or attend a no appointment needed clinic.

Enrolled NF/SGVHS Veterans can opt to receive the vaccine at one of our sites of care by calling to schedule an appointment at 352-548-6000 ext. 103755 or attend a no appointment needed clinic. Appointments at our community-based outpatient clinics remain limited.

Starting Friday, April 23, 2021 the Jacksonville VA Outpatient Clinic is moving its COVID-19 Vaccination clinic to a new off-site leased location at Timuquana Market Place, 5150 Timuquana Road Suite 6 Jacksonville, FL 32210, Jacksonville, Fla. All vaccinations will continue to be done by appointment only.

Each NF/SGVHS location has different operational plans in place. Current COVID-19 vaccine administration sites and their operational status are provided below.
